

# Neil Armstrong!!!!

Neil Armstrong was born in 1930 in Ohio, USA. He was always fascinated by aeroplanes and he gained his pilot's licence on his sixteenth birthday. Armstrong was a pilot in the US Navy. He used to fight in the Korean war.

After fighting in the war, he tested new and experimental planes. One of the planes he flew was called the X-15 rocket-powered aircraft which flew at 4,000 miles per hour! Armstrong flew over 200 different models of aircraft. These include jets, rockets and helicopters. Armstrong married Janet Shearon in 1956. They had 3 children!
