

World Book Day may be a little different this year, but we still have lots of exciting activities planned for the children to take part in. During the week commencing 1st March, the Class Google Meets will be World Book Day themed and the children are invited to dress up as their favourite book character during these sessions. If your Google Meet is on Tuesday or Wednesday, you can of course still dress up again on the Thursday for World Book Day itself.

Lots of well-known authors such as former Children's Laureate Michael Rosen have created video lessons of poetry, story writing and illustrating activities for World Book Day this year. We will be uploading links to these on Google Classroom on Thursday 4th March for you to enjoy at home. Also look out during the week for different adults in the school uploading videos of themselves reading their favourite books.

12 special £1 books have been released for World Book Day. The £1 tokens are digital this year and can be printed off and exchanged for one of the books or used for £1 off any book costing £2.99 or more in supermarkets and bookshops when they reopen. You can use the 'look inside' feature on the World Book Day website to help you choose which book you want in exchange for your token.

DRESS UP A POTATO COMPETITION

In celebration of World Book Day, we would like you to get creative and decorate a potato to look like your favourite book character. How you do this is your choice! You can paint your potato, make clothes from paper, card or fabric and use any other props to bring your potato to life. Once your potato character is complete, please take a photograph and upload it to the competition assignment on your Google Classroom Page. Entries must be uploaded by 9:00am on Tuesday 2nd March 2021. The winners will be announced during the assembly on World Book Day.

We are really looking forward to another great day of celebrating all that is wonderful and magical about books with you!
